

HLR Love Potion

Date of Birth: 05/09/2019 **Registration 1:** CI326324

Love the color and the pedigree. The picture of her dam in the pedigree was when she was less than two years old of ...she grew out to be close to 90 ttt. This gal is very tall, correct and has a very unusual color. She is your young and going to be a dandy...what color will this calf be out of Hubbell's Butch Cassidy...crazy
